MOBILE COMMERCE: APP and Chat

The ability to access information while on the move is now a trend. Information has to be available at the finger tips – literally gliding along the screen of our mobile phone. Globelink has also embarked on the mobile commerce bandwagon with its mobile Apps to make sure the info can be made handy anytime, anywhere as long as you have an internet connection.

Globelink HQ has started the mobile version of the T&T online as part of the Group E- services which consist of (1) Track and Trace in secured version and public version (2) Sailing schedules that is publicly accessible.

In China , online service using WeChat for Guangzhou , Shenzhen , Tianjin , Ningbo and Xiamen Offices to which shows vast information that is available such as (1) Latest Promotions (2) Rates (3)Track and Trace (4) Special Offers (5) Make a Booking (6) Holiday Advisory.

We will be commencing a series of introductions on the mobile apps we planned to introduce to the market. The functions and usage will be further discussed in the coming issues of our Newsletter.
